EDUCATION

Yeshiva University, Katz School of Science and Health, New York, NY

Master of Science in Digital Marketing and Media, Expected May 2027

University of Zimbabwe, Harare, Zimbabwe

Bachelor of Science Honors Degree in Psychology, August 2022

EXPERIENCE

Instatoll Smart infrastructure Solutions, Harare, Zimbabwe

Administrator & Brand marketing assistant

February 2024 - August 2025

- Streamlined internal communication by centralizing daily operations and meetings on Microsoft Teams, reducing email dependency and improving cross-department response time by approximately 30%, which accelerated project turnaround for solar installations.
- Optimized procurement workflows using SAGE X3 by formalizing purchase order tracking and supplier documentation processes, reducing processing delays and preventing stock shortages during high-demand periods.
- Redesigned client acquisition strategy by introducing structured customer profiling and segmentation, shifting from broad outreach to targeted campaigns resulting in a 40% increase in clientele within 12 months.
- Expanded B2B market penetration by identifying and directly targeting 10 banks in Harare, securing long-term solar equipment supply contracts and strengthening the company's institutional footprint.
- Led B2C outreach initiatives targeting civil servants, increasing individual solar system customers from 200 to over 500 clients, significantly expanding recurring revenue

KPMG Zimbabwe, Harare, Zimbabwe

Administrative Associate

March 2022 - February 2024

- Optimized digital filing and reporting processes, reducing document retrieval time by up to 35% and improving report turnaround time by 25%, enabling faster access to critical business information.
- Improved cross-functional coordination by managing executive schedules, meetings, and travel logistics, reducing scheduling conflicts by 40% and supporting consistent on-time project delivery.
- Enhanced data accuracy and reporting quality by implementing structured record keeping systems and quality checks, reducing documentation errors and strengthening materials used for internal decision-making
